

UMANIA GETS BESSARABIA DESPITE SOVIET DEMAND

British Foreign Secretary Elated; Action Deemed as Reprisal for Red Propaganda

GENEVA, March 8. (Exclusive)—Visibly elated over Italy's ratification of the Powers' agreement recognizing Bessarabia, demanded by Soviet Russia, as a Rumanian province, which was announced by Signor Scialoja, Italy's delegate to the League of Nations today, Sir Austen Chamberlain, the British Foreign Secretary, freely discussed Great Britain's foreign policy. "Bad," said Sir Austen laconically, replying to an interrogation regarding London's relations with Moscow.

Scoring his Moscow deeper in his mind, and when the questioner suggested that Europe is waiting for some power to take such an initiative, he answered, "Let them wait."

"Nothing in recent events indicates a change in the policy of the British government," he said. "We have undertaken no engagements and could not without submitting to Parliament. Despite the difficulties in some quarters we intend to continue our present policy."

This statement was aimed to refute the reports that England is seeking to conclude Poland and Germany, and of trouble with Russia, especially in view of Moscow's attempt to sign treaties with the Baltic states of Estonia, Lithuania and Latvia, guaranteeing their security outside the League control.

HAS NO SECRETS
"There are no secrets in Great Britain's policy," Sir Austen continued, reassuringly, "everything in connection with the various porters cannot be published immediately while the negotiations are going on."

Turning finally to Russia, in answer to queries, Sir Austen said: "The League of Nations is a prize. But we cannot change the situation, only act, and we are pursuing a consistent policy of friendly diplomatic relations."

He said that where two governments enjoyed friendly diplomatic relations, the League of Nations was not a prize. But we cannot change the situation, only act, and we are pursuing a consistent policy of friendly diplomatic relations."

Theater Chain Bought as Link in Merger Plan

NEW YORK, March 8. (AP)—Purchase of the Brader-Pollock chain of theaters in New Jersey by the Stanley Company of America, which is negotiating for a three-sided film merger involving assets of more than \$100,000,000, was announced today by Jacob Fabian, president of the Stanley-Fabian Corporation.

The purchase increases the holdings of the Stanley-Fabian Corporation to fifty-seven theaters and the Stanley Company of America, which is negotiating for a three-sided film merger involving assets of more than \$100,000,000, was announced today by Jacob Fabian, president of the Stanley-Fabian Corporation.

Negotiations for the triple consolidation are being carried on with First National Pictures, Inc., and the West Coast Theaters Company and would result in what is termed the largest deal in the motion-picture industry since the Famous Players-Lasky merger. It would bring together approximately 350 theaters operating on the Atlantic and Pacific coasts.

COOLIDGE TO SEE WEST

Ready to Select Summer Home

Vacation White House Not Too Far from Capitol, President's Plan

Pacific Coast Trip Listed
Before Return in Fall;
California Acts

WASHINGTON, March 8. (AP)—President Coolidge has decided to establish a summer White House somewhere west of the Alleghenies. Just where he will go or how long he will be away from Washington, has not been determined.

The president's plan is to settle down for the summer at any point as far west as the Pacific Coast, although he may make a swing across the continent before returning to the capital.

At the White House, where it was learned today that the president is planning to go into the agricultural West for the summer, it was said that he would not want to be too far from Washington or go too far south. In the past, both of these things have been considered.

The decision of the President to go into the farming-region of the West, rather than spend his summer in the East, has been a surprise to many. The president has been known to be a lover of the country and the outdoors.

Similar testimony was given by Senator Smoot, Republican, Utah, a former member of the committee, and Senator Walsh, Democrat, Montana, prosecutor of the oil investigation.

Sinclair sat unmoved among his counsel as Dist. Atty. Gordon, opening the case for the government, pointed to the evidence that the defendant had been referred to special government counsel by the Senate.

The opening address also included a review of the negotiations that led to the signing of the Teapot Dome lease.

"Shortly after the lease was executed, the matter came to the attention of the Senate," Gordon said, "it being represented that they were not made in good faith."

The six questions Sinclair refused to answer before the Senate committee were read to the jury. They asked whether Sinclair had been in the region which has shown signs of unrest, chiefly on account of the agricultural situation.

Mr. Coolidge will make several speeches, but it is unlikely that they will have a political tinge or give any indication of his attitude toward the situation.

Destroyers to Aid Rescue of People on Ship

WASHINGTON, March 8. (AP)—At the request of the American Minister at Quito the Navy has ordered a destroyer division to aid in the removal of passengers from a ship reported off the coast of Ecuador, near Galapagos Island.

Other than to say that a naval destroyer already had taken off some thirty-five persons and further assistance was desired, the Minister provided no details. It was stated that about twenty-five or thirty still were to be rescued.

It is believed the economic damage may not be great since most of the damage was confined to small villages and the few factories and industrial establishments were in ruins.

BLAME LAID FOR CRIME

Chicago Meeting Lists Needs

Courts, Politics, Police and State's Attorneys Scored by Many Speakers

Speeding Up of Trials With
Bail Restrictions and
Other Reforms Urged

CHICAGO, March 8. (AP)—Courts, politics, police, State's attorneys and law came in for criticism at a conference on crime today. Many proposals were received from the critics, nearly all of them having to do with the trial procedure.

These suggestions were offered: Speed up the process from indictment to conviction; restrict the right to appeal; give the trial judge a more active role in guiding deliberations of the jury; enable the court or prosecuting attorney to comment on failure of defendants to take the stand in their defense and restrict the power to appeal from a conviction.

Other words, deprive defendants of some of the immunities and privileges under the present system. Above the storm of disapproval was heard the voice of Mayor Dwyer, asserting that Chicago gets the blame for much crime that is not Chicago's.

"Rothschilds, bootleggers and gangsters, driven from the city by the police, live in the suburbs, where they make a base for raids and in about the city. And the police are powerless to stop them," he declared.

George W. Kitchner, formerly warden at Sing Sing prison, and once dean of the law school at Columbia University, lamented the pressure brought to bear on State's attorneys in their selection of assistants and the resulting weak prosecutions.

Uncrushing, he said, the State's attorney systematically perverts justice to further his ambitions.

Judge Andrew A. Bruce of Northwestern University said all the blame could not be placed on the courts when a comparatively small number of cases reached them. He placed the blame on the police for failure to arrest and identify criminals.

MIAMI (Ariz.) March 8. (AP)—One woman was killed, another slightly injured, a brakeman was injured more seriously and a refrigerator car set afire near Miami today when two gondolas escaped the control of a Southern Pacific train crew and plunged down a two-mile grade, crossing into an automobile.

Mr. Curtis Evans was killed when the runaway car struck the automobile in which he and Mrs. Herbert Beasley were riding. The brakeman, Joseph Griffin, jumped from the car, sustaining a severe injury.

The refrigerator car was set afire when the runaway gondolas crashed into them. The blaze was extinguished by the Miami fire department.

started crumbling before the assaults of the Cantonese, now is threatened with being isolated there.

The Cantonese, continuing their progress northward, have occupied Wuhu, about 200 miles west of Shanghai. They are reported advancing around both sides of Lake Taihu, trying to reach the Nanking-Shanghai Railway.

If Chang Tsung-Chang eventually is defeated, the reverse will be all right. It was the alliance of Chen Tiao-Yung with the Cantonese, which became definitely known yesterday, that opened a path for the Cantonese to penetrate toward Nanking and Chang Tsung-Chang's communications.

The Cantonese, however, have been out of Shanghai for some time. A new front was being formed to meet the Cantonese. With the Cantonese, Chen Tiao-Yung and his Cantonese allies say they hold Anhwei as far north as Luohow. Chang Tsung-Chang still holds northeastern Anhwei, and is bringing more forces into that region to protect his 400-mile line of communications from Shanghai to Tientsin, and especially its main artery, the railway to Tientsin.

SOVIET CONSUL WILL
TRY TO FREE PRISONERS

SHANGHAI, March 8. (AP)—The Soviet Consul left for Nanking tonight, where he will make efforts to secure the release of Chinese prisoners of the Cantonese. The Consul is accompanied by Michael Borodin, and three Russian agents, who have been placed under arrest by the Cantonese.

The party was seized aboard the Russian ship Pamiat Lenina. According to the story told by British Russians attached to the army of the Shantungese defender of Shanghai, Chang Tsung-Chang, Mr. Borodin is charged with planning plans of the military dispositions of Chang.

Mrs. Borodin has been visiting in Shanghai, where she placed her 12-year-old son, and was en route to Moscow, according to information here.

Sper Second in Annual Club Competition
Will be Guests of Club Tonight

BY WILL WISE
D. S. Johnson, venerable member of the Midwick Country Club, who has been a member since 1904, today won the Pacific Coast Senior Golf Championship at Midwick.

Johnson, who is 64 years of age, won the title by making a score of 164 in the 36-hole tournament. He was the only player to make a score under 170.

Johnson's victory was a surprise to many of his friends, as he has not been in the best of health for some time. He has been suffering from a cold and a slight fever, but he was determined to win the title.

Johnson's victory was a triumph for him, as he has won the title only once before, in 1914. He is now the oldest player to win the title.

RABBIT PUNCHES

THE boxing commission meets at San Diego tomorrow and there are several matters of importance to come before it for consideration.

First and foremost is the petition of John Joseph Doyle to stage weekly fights at the Olympic Auditorium. Unless the signs are all wrong this will go through without any great argument, perhaps by a unanimous vote of the three commissioners—Chairman Louis Alving of San Diego, Seth Strellinger of Hollywood and Charles Traugott of San Francisco.

Strellinger is in favor of granting the permit to Doyle and was at the last meeting of the commission, when the other two commissioners decided maybe it would be best to investigate the situation more fully.

It looked for a time as if Messrs. Traugott and Alving were opposed to Doyle, which would have been too bad as two votes to one control the situation and Doyle, after packing the Vernon Coliseum and with the Olympic on his hands might have been forced to share the giant arena with a promoter who hadn't put up a dime.

But Traugott put a new aspect on the situation the other day when he announced he was in favor of Doyle taking over the Olympic and even advocated a temporary permit for the Teller-Willie bout, which had been proposed for last night. The permit was never granted by the commission in charge here—Seth Strellinger—but Traugott's action seems to be an augury of what may be expected when Doyle's weekly permit is voted on tomorrow.

There is another application for a permit to come before the commission which has to do with out door bouts at the old Miller house park. While the application is said to be made out in the name of Carlo Curtis, proprietor of the Main-street gymnasium, the man behind the gun is said to be Harry Pollock, who has a yen to become connected with the fight game again.

As the maiden show of the new backers of the Miller Park, Sammy Mandell and Jackie Fields in a twelve-round, no-decision bout is said to be the attraction in mind. It is said the lightweight champion positively refuses to meet Fields in any kind of a decision bout, but will take him on over the longer route as Fidel LaBarba did Clever Seneo.

If this bout falls through it will not be surprising to see Rooney tear out for the East with Fields. Several feeders have been

NEW YORK BOARD IGNORES CALLAHAN'S TITLE CLAIM

NEW YORK, March 8. (AP)—The junior welter-weight or 140-pound division is not recognized here as a championship class, the New York State Athletic Commission ruled today in refusing to give title recognition to the fifteen-round match next Monday night at Madison Square Garden between Mushy Callahan of Los Angeles and Andy Divot of New York.

Callahan claims the 140-pound title as a result of a victory over Pinky Mitchell of Milwaukee, on the Pacific Coast recently.

Although Clyde Hull, Dallas (Tex.) welter-weight who recently defeated the champion, Pete Latzo, has been listed as ineligible in Pennsylvania, the New York Commission took no supporting action today inasmuch as Hull is signed to box Billy Leonard here next Monday.

Sent out from New York and when the time is propitious Jackie will be moved into Madison Square Garden. Tex Rickard's heavyweight tourney is gumming up the works at the present time, but ere long the fans will tire of the truck drivers and will be glad to see some clever, fast chaps in action. And in glimping fields in action they will see one of the classiest in the land.

The absence of Ed Winfield from the drivers' meeting at Ascot Speedway Monday night has created a great deal of speculation among the owners and pilots who frequent the Alhambra-avenue dirt track, all of whom expected the Glendale millionaire to appear and sign a contract to appear in a match race against Lou Moore and Bert Spencer next Sunday afternoon. When Winfield failed to put in an appearance they were disappointed.

Eddie Meyers, Jr., owner of the Redlands Special, piloted by Spencer, and Roscoe Ford, owner of the Ford-McDowell Special, driven by Lou Moore, were both at the meeting and ready to post their side bets for the match.

The eighteen fastest cars will face the starter in the 100-mile feature event Sunday. The appearance of several new cars will tend to keep the veterans going at top speed to try out the new competition, while Francis Quinn, Freddy Lyons, Speed Hinkley, Ted Simpson and other leaders in the championship race will be out to retain their places if their cars will stand the gas.

Palais de Glace: Goal, Weir; defense, Austman and Miller; forwards, Smith, Gilmour, Wells, Kutzman and Provitor.

Falcons: Goal, James; defense, Burns and Roberts; forwards, Quinney, Elmer, Crapper, Swindell and Jacobs.

STREHL AT WORK ON CINDER SQUAD

POMONA COLLEGE (Claremont) March 8. (Exclusive)—Coach Bob Strehle drove his Pomona College track team through another hard workout tonight and has one more scheduled for tomorrow and then it's all over before the Pomona-California Tech meet at Tournament Park Saturday.

Strehle only gives his team three workouts per week and so that leaves but one more. He tried switching the men around into different events today and, as a result, some of the athletes may be shifted to races within their points will be more useful. The day was cold and the track in only fair condition, but there were no casualties nevertheless.

BRAZEN IS WINNER AT TIA JUANA

Trims Coffroth Hopefuls in Preparatory Race at Border City Track

TIA JUANA RACETRACK, March 8. Coming with a rush rounding the stretch turn and on 'his home journey, Brazen, hope of #7 H. Neal for the Coffroth handicap 3,000,000 stake which will be decided here Sunday, won the Arizona handicap, a mile and a sixteenth affair, here this afternoon.

The race was a prep for the big stake for five of the six horses entered.

Flat Iron, though pinched off sharply at the start, ran a game race thereafter to get the place, two lengths back of the winner, with Bookbinder, "from the Crech stable, getting the show. Time for the mile and a sixteenth was 1m. 48.1-5s, indicating that the track is getting back to fast condition again.

Had Flat Iron made the first turn with the first flight he would have given the winner a real argument for the purse, though Brazen won easily.

Flagrant set the early pace with Boon Companion and Edisto right with him. They all fired entering the stretch, with Brazen coming from behind to win.

Edisto, heavy weight of the Coffroth field, and one of the big hopes of the Seagram Brothers stable of Canada, ran the best race he has shown this season, indicating that he is rounding up his good form.

Bookbinder, the hope of W. A. Head for the Coffroth, will make his first racing start since shipping west from Miami tomorrow in the Nevada handicap, a mile-and-an-eighth affair.

He goes against a field of twelve, eleven of which are Coffroth eligibles, including Dangerous, Sandy Man, Carlisle, Backbone, Tuxen, Sanford, Cherry Tree, Liberty, All Over, Deep Thought and Beau of the West.

Jockeys Johnny Callahan, George Fields and Willie Garner, all first-rank riders, are on their way to Tia Juana to ride Sunday, according to word received here this afternoon.

The results:

We present Van Dyck to the smokers of Los Angeles with this one request:

that you compare it with your favorite cigar and be guided in your cigar smoking accordingly. Notice Van Dyck's clean, full-ripened wrapper—and compare!—Its mild, full-bodied filler—and compare!—Its long, distinguished shapes—and compare!—Its notably generous value—and compare! Comparison, not argument, is the one real measure of cigar merit—and on this basis we confidently believe that—"You'll like Van Dyck!"

Redlands Squads Takes Measure of Whittier Track Team in Dual Meet, 97 to

Bulldogs Cop Eleven Firsts in Sixteen Events

Bruce Stars for Winners by Taking Four Places

Times Fair Despite Sloppy Track After Rains

REDLANDS, March 8.—The University of Redlands track team defeated Whittier College in a postponed conference meet here this afternoon by a score of 97 to 47. Redlands started off with a lead and was always far ahead of the Poets.

Redlands took all three places in three events, the hammer throw, the two-mile run and the broad jump. In the meet Redlands took eleven first places out of sixteen events. Bruce was the high-point man for Redlands, taking four first places and then running the first lap in the relay and giving Murrell, the second man, a nice lead.

The track was fairly heavy because of recent rains and the time was not unusual in any event.

SCHUMANN-HEINK TELLS MEN
TO BE BOSS IN THEIR HOMES

ATLANTA, March 8. (AP)—What the
United States needs "is more paper
at the head of their homes and fewer
mamas running around voting and
playing cards."

So asserts Mrs. Schumann-Heink,
who gives as one of the reasons she
followed a successful career the fact
that she had eight children that had
to be supported.

"If I had been given the choice
between a great career and my home
life, I would have taken the home
life," she says. "But I had no choice."

A career was absolutely necessary.
For the woman who has to work to
support herself and family I have
only the deepest admiration and sym-
pathy.

"I have no sympathy for the wom-
an who cannot find enough to do
at home. The home life of this coun-
try is being wrecked by young mar-
ried women who would rather pound
on a typewriter than bathe a baby."

I know many women who always are
gadding about trying to run things
who would be much better off if they
stayed at home, raised families and
made their husbands comfortable.

"I most certainly think the hus-
band should be the head of the
house. The men of this country are
too easy on the women and the re-
sult is a spoiled, petted and sulky
womanhood."

"Give me the few men in this
country who are what you call bosses
of their homes and I will show you
an equal number of contented, happy
wives and mothers."

he said he wanted to visit, lives in
San Diego.

Tears streamed down the cheeks of
the father as he listened to the re-
port of the findings of the officers.

He said that he carried life insurance
totaling \$40,000 to protect his family
and declared he had done all in his
power to rear his son well.

All indications, the elder Barr ear-
lier in the day told police, were that
someone familiar with his household
had tossed the bomb into the bed in
which he and Mrs. Barr were asleep.

Since neither he nor his wife were
awakened by the movement of any-
one in the house, he did not know
the stick struck Mrs. Barr on the
head and awakened her, both doubt-
less would have been killed, he de-
clared.

W. A. Hamilton, principal of the
grammar school from which young
Barr was ready to graduate, declared
Howard had been one of his best pu-
pils and that he could hardly believe
him capable of crime.

The father told officers that he did
not want to see his son punished too
severely, but that he wanted the law
to take its course.

MOTHER IN OFFER
TO RUNAWAY GIRL

SAN FRANCISCO, March 8. (AP)—If
Mary Henderson, 16 years of age,
missing high-school girl, will only re-
turn home, her family will return to
their former home in Fresno, where
the girl desires very much to be.

Charles E. Henderson, her mother,
said today. Love for her old asso-
ciates and environment in Fresno is
believed to have prompted her to
run away. She disappeared Saturday
night with Doris Peters, 14, a friend.

His advice is to buy now.

All in All

We expect a hot time within the next couple of
months.

To those who are interested we will acquaint
you with our deal.

THE question arises: WHY are we selling this
acres? Which is some of CALIFORNIA'S best.

We own 640 acres of land, as described above.
We can lease this land to Oil Companies, BUT they
will not drill to our benefit and only as they see fit.

Therefore, instead of tying up our land for ten years
and waiting, here is the whole thing in a nutshell:

Sell half our holdings—320 acres at \$320 per
acre. Put a well down on this 320 acres at no fur-
ther cost to you and develop our own oil field. We
are staking 320 acres that we have oil. Our reward
will come with our clients on the bringing in of a
well. WE STILL OWN 320 acres out of the 640
and can make a proposition on the balance of our
land that will make us a fortune.

The same as your piece of land will make you
a fortune.

You cannot lose. You have good land, and a
prospect of a fortune. As an individual you could
not drill a well, but \$20 of us grouped together can
accomplish what one cannot.

We state there has never been, to our knowl-
edge, a fairer or sounder investment, with the re-
turn so great, as this offer.

WATCH HER OIL!

BRIDGE PLAY PAYING LINE

Expert on Game Refuses \$1000 for Hour's Lesson;
Lecturing on Fad Profitable

NEW YORK, March 8. (Exclusive)—While the experts in the great indoor
sport of bridge gain no such lump sums as are donated to heavyweight
boxers for single fights, the rewards reaped by the fustlers of the green
baize table top are not to be stigmatized as niggard.

Not when Sydney S. Lenz, bridge
statistician, can afford to refuse \$1000
for an hour's lesson, and not when
W. C. Whitehead, who is a sort of
Hoyle in the bridge field, testifies
that "it is not at all unusual for a
master of bridge to earn \$1000 a week
during the season."

The season, it may be added, lasts
from October to May.

When approached with the naive
request that he divulge his bridge
profits Mr. Whitehead replied that he
was not starving.

"I don't want to tell you what I
make," he said, "but other authori-
ties make big money in bridge. And
it is becoming more popular every
day. Mr. Lenz, who with his partner,
finished second in the Cavendish
trophy tournament last week, said he
could not afford to give his valuable
time to teaching bridge, and, be-
sides, he did not want to become a
"professional."

Another notable bridge authority,
Milton G. Work, had to give up teach-
ing the game because it consumed
too many "time-is-money" hours.

What Mr. Work does with his mo-
ments is to discuss bridge in 120
newspapers via a syndicate. When
he is not using typewriter or quill
he is busy with "demonstrations" in
various towns and cities of the United
States. A demonstration consists
of an hour of talking to players
seated around tables with cards in
their hands.

Mr. Work said his demonstrations
have been remarkably successful,
especially in Chicago. He gives them
for a standard fee of \$250 for one
and \$475 for two demonstrations un-
der the same auspices and on the
same day.

Even at that Mr. Work thinks his
fee remarkably low.

"I usually demonstrate under the
auspices of clubs or organizations
raising money for charity," he said,
"and the greater part of the receipts
go for some worthy cause."

Mr. Work is not starving either.

DR. BERTOLA,
STATE CLUB
LEADER, ILL

Feminist Has Mysterious
Malady and All Visitors
Made to Stay Away

SAN FRANCISCO, March 8. (AP)—
Dr. Mariana Bertola, feminist leader
and physician and president of the
State Federation of Women's Clubs,
is seriously ill at her home from an
illness that defies diagnosis. Visitors
are being denied admittance to the
sick room.

Dr. Bertola twice has been treated
for the illness in St. Francis Hospital
recently. She was taken suddenly ill
after a luncheon in her honor in
Santa Monica two months ago. Her
physician, Dr. Ira Richter, expressed
the opinion that her condition may
be due to overwork.

WOMAN LAUDS RUSSIA

Sex Free Only in Soviet Union, Says
Mrs. Lenin, Premier's Widow

MOSCOW, March 8. (AP)—Soviet
Russia is the only country in the
world where women really are em-
ancipated, declares Mrs. Lenin, widow
of the late Premier Nikolai Lenin,
who published an article in the press
today on the occasion of "women's
international emancipation day." The
day was observed by women through-
out the soviet union with street
parades, speeches and theatrical per-
formances.

Mrs. Lenin's article lauded the
spirit of the militant young French
women who fought with the revolu-
tionists during the French Revolution.
She urged her protestant sisters to
"breed children in a militaristic
spirit" in order to guard against at-
tacks of the bourgeoisie against the
soviet union.

HOUSES HAVE TO STAY AT HOME

They Can't Go Straying All Over Town, Filling Streets With Holes, Tearing Trees and Blocking Traffic, Kentucky Mayor Decrees

ASHLAND (Ky.) March 8. (Exclusive)—This town of 30,000 people has a real problem and the Mayor has announced that he intends to solve it. He has just his moral brow squinted down upon the practice of moving houses hither and yon about the streets of the city. Even the most liberal-minded person will admit that the practice of shunting good-sized houses about the streets, whether congested or not, may lead to untoward occurrences. The Mayor will ask the City Council to make a law prohibiting such moving of houses. Several years ago the city had such a prohibitory ordinance, but this was repealed finally and since that time the streets have frequently presented the unusual spectacle of being the parade ground for one or more houses whose owner decided it might be cheaper to move his home from one location than to build a new house. The Mayor's ire was roused by the moving of a frame dwelling which was on property at the corner of Eighteenth street and Winchester avenue, one of the busiest sections of the town. The house was unheated upon arrival and tedious journey through the place. The

Coolidge Holds Up Appointment of Seven Judges

WASHINGTON, March 8. (AP)—The seven new Federal judges provided for by Congress may not be appointed before next December because of President Coolidge's desire to have their nominations confirmed by the Senate before they are installed. Although no funds were specifically provided by Congress for the judges, Atty.-Gen. Gargant has given the impression that money can be found for their salaries if the President decides to make the appointments immediately. Mr. Coolidge has not definitely decided on his course.

OUR HISTORY IN PICTURES

659 The Mississippi Restored to the Union.

by J. CARROLL MANSFIELD

WITH THE SURRENDER OF VICKSBURG (JULY 4, 1863), GRANT TOOK 170 GUNS AND 29,000 PRISONERS (INCLUDING NON-COMBATANTS). THE CONFEDERATE SOLDIERS WERE AT ONCE PAROLED AND PERMITTED TO RETURN TO THEIR HOMES. IN HIS CAMPAIGN AGAINST THE CITY, GRANT HAD LOST 9,362 MEN, WHILE SOUTHERN LOSSES FROM MAY 1ST TO JULY 3RD EXCEEDED 9,000.

GRANT'S SUCCESS AT VICKSBURG WAS A VERY FORTUNATE THING FOR HIM. IT SILENCED HIS CRITICS IN THE NORTH AND MADE HIM THE OUTSTANDING FIGURE OF THE UNION ARMY. THE VICTORY WAS HAILED WITH JOY IN THE NORTH, PARTICULARLY AS IT HAD BEEN WON ON THE SAME DAY THAT LEE BEGAN HIS RETREAT FROM GETTYSBURG.

SIX DAYS AFTER VICKSBURG HAD FALLEN, PORT HUDSON, THE LAST CONFEDERATE STRONGHOLD ON THE MISSISSIPPI, SURRENDERED TO THE FEDERAL ARMY OF GEN. BANKS. GEN. GARDNER, THE COMMANDER OF PORT HUDSON, HAD MADE A VALIANT DEFENSE, BUT CAPITULATED WHEN HE WAS ASSURED THAT PEMBERTON HAD YIELDED.

THE MISSISSIPPI WAS NOW UNDER FEDERAL CONTROL FROM SOURCE TO MOUTH. THE VICTORY WAS WRITTEN JUBILANTLY. "THE VICTORY OF VICKSBURG" WAS THE TITLE OF A BOOK BY J. CARROLL MANSFIELD.

35% IN TWELVE DAYS

TWELVE days ago Julian Petroleum Preferred was selling at \$7.00 per share. Yesterday it registered \$9.50 per share.

When the price was \$7.00 per share, our Marginal Trading Plan permitted the purchase of 100 shares of Julian Petroleum Preferred by depositing \$350.00. Those who took advantage of that price now have a gross profit of \$250.00 or over SEVENTY PER CENT.

We feel that the rise during the past twelve days is but a slight indication of what can be expected of the future.

We have repeatedly stated that we believed an extensive buying movement would carry Julian Petroleum Preferred to very high levels just as soon as the public realized the significance of the facts disclosed by President S. C. Lewis, at the annual stockholders meeting of the Julian Petroleum Corporation, held recently.

Our confidence throughout the past months has been backed by the knowledge that truth and facts would supersede the vicious gossip that has affected the market for Julian Petroleum securities.

The steady rise in price now under way leads us to believe that our faith in the future price of Julian Petroleum securities will be more than vindicated.

Our only suggestion at this time is that those who have any idea of participating in the big upswing that appears to be under way in Julian Petroleum Preferred, take action on their commitments immediately.

NEW YORK CURB STOCKS

NEW YORK, March 8. (AP)—Barr's price movements again developed in today's curb market, with the bulk of the business originating largely with professional traders. Commission-house business was reported as negligible.

Further liquidation developed in the oil shares as a result of an anticipation of recent price cuts. Net losses, as a rule, were held to fractions. The announcement that mid-continent producers had agreed to a 30 per cent curtailment in production in the greater Seminoles area apparently came too late to have any market effect. Lion Oil held firm on the declaration of an extra dividend of 55 cents and the publication of a favorable earnings statement.

International Silver rallied 4 points on the report that application had been made to list the issue on the big board. Firestone Tire jumped over 5 points to a new high at 130 on a couple of odd-lot sales. Safeway Stores lost ground on the traditional "selling under good news."

Following the announcement of a higher dividend, elsewhere in the industrial list, the strength of Bancor Corporation, Curtin Publishing preferred, Dixon Crucible, Fulton-Syphon and Massey Harris contracted with the heaviness of Auburn Auto, Borden Company, Colgate, Curtin Airplane, Estey White A. Glen Alden and United Shoe Machinery.

Public utilities also moved in opposite directions, gains of a point or more in American Superpower A, Empire Power and Southern Power and Light preferred being offset by the heaviness of American Light and Traction and Tampa Electric.

The closing price in common was at the low, and both low and close were at the high.

*****Only a few small lots were offered
and these cleared at steady prices. Old stock
of milk was scarce, with a few lots of 100
pounds and 150 pounds, while new milk was
plentiful, with lots of 100 pounds and 150
pounds, and a few lots of 200 pounds.

*****The Pan American Petroleum Com-
pany itself has its No. 2, No. 3, No. 4, No. 5,
and No. 6, all of which are being drilled at
about 2500 feet. All of these wells are
just outside the restricted area of eastern
Long Beach.

*****Among the interesting items in the
development of the northwestern,
or Hapien district, is the fact that the
field, in the construction by Paul Getty
of a sub derrick on his thirty-
fourth property, offshoot of the Pan
American Petroleum Company's leases
in the Hapien district. Paul Getty
controls a strip of land about thirty
feet wide by several hundred feet
long in this district, which was not
considered sufficiently large for a derrick
by other companies. But by the
building of a sub derrick, which re-
quires less space, Paul Getty is able
to drill a well of standard size and
presumably to the required depth, al-
though the derrick is able to accom-
modate a stand of only two twenty-
four inch pipes, instead of the four
foot joints of pipe instead of four
joints which is the standard usually
handled by the ordinary standard-
size derrick.

*****A survey of the situation in the
new extension of the Seal Beach field
at Alhambra Heights and Hapien in
the eastern part of the city of Long
Beach reveals the fact that eighteen
operators already are actively inter-
ested in this field, and that fifty-six
wells are either already actu-
ally started, are to be started soon,
or are derrick materials can be
placed on the ground.

*****The California Petroleum Corpora-
tion has three locations staked.
The Orsborn Oil Company, combining the
Craun & Burns interests of Los Cer-
ros are grading a location for a derrick.
The Fidelity Oil Company has been
material on the ground for a derrick.
George F. Getty, Inc. has three
derrick locations, and has a derrick
under construction, and locations
for five others. Paul Getty
has one well actually drilling, and
is building derricks for four others.
The Superior Oil Company is building derrick
or grading for three wells. The
Universal Consolidated Oil Company,
in building three derricks about
three miles from the Seal Beach field.
The Rainbow Oil Company has one derrick
building and Richard Oil Company
has four derricks building. The Main-
land Oil Company has six wells lo-
cated in the Seal Beach field, and will
build derricks immediately. The
Pan American Petroleum Company
has four wells drilling in addition to
its producing discovery well.

*****Three Small Wells
The Standard Oil Company yesterday
reported the completion of three
small wells in the Midway fields in
Kern county, with an aggregate out-
put of about 250 barrels a day.
No. 34 was finished at a depth of
3000 feet, making about seventy-five
barrels per day. Midway No. 34 was
brought in at 9716 feet, with an in-
itial production of eighty barrels a
day. Midway No. 27 was com-
pleted at 3050 feet, making about
seventy barrels a day.

*****No Showings
The continued lack of showings in
the Julian Petroleum Corporation's
Cypress No. 1 well in the Potrero dis-
trict has caused a very definite con-
solation in the interest in this district,
which a week or two ago was at its
height. The Julian well is now down
almost 5000 feet, and according to
the most authentic reports available
has had no showings worthy of men-
tion since about 4000 feet, where it
passed through a few stringers which
are supposed to be equivalent to the
sand found by the Associated Oil
Company's wildcat well.

*****The Julian Corporation has a tenta-
tive location for another well staked
on property near the center of the
field to the northwest, but no definite
drilling program has been announced.

BABY and MINE

Myrtle Meyer Eldred

will be glad to answer all questions from parents and children. A stamp and a self-addressed envelope will bring a reply.

The baby's bed is a source of much trouble to the mother. It is a source of trouble because the baby is so small and so fragile. The mother must be careful of the baby's position and the baby's temperature. The baby's bed should be a source of comfort and safety for the baby.

The mine is a source of much trouble to the miner. It is a source of trouble because the mine is so dark and so dangerous. The miner must be careful of the mine's structure and the mine's atmosphere. The miner's bed should be a source of comfort and safety for the miner.

THE WATCHMAN

Trend of Political Thought and Action

By the Editor of the Los Angeles Daily Times

With Councilman Ash of the Fourteenth District deciding to get "shod" of his broom as a Councilman and withdrawing from his campaign for re-election, he arose in the Council chamber yesterday and further declared that he was "not a goner" to take a trip to New York with those bonds. Protests having arrived from the district against his taking the trip while people there were asking for the abandonment of Victory Park No. 3 condemnation proceedings, Councilman Ash further moved that these proceedings be abandoned, just to show his constituents that he was on the job. Councilman Ash withdrew his motion, however, as the Park and Playgrounds Committee has the matter in its hands, and he is not to be taken for a ride by the people's demands.

The Ash motion, just as everything else moved, seconded and carried. Councilman Ash's motion was not in every measure that comes before the Council. Incidentally, the taxpayer is paying \$1,000,000 this year in taxes for the support of their city government, the directors of which are their City Councilmen, including, of course, Councilman Ash.

Adolph Barmish has written to the Workman for Council campaign committee a strong letter endorsing President Workman's candidacy for re-election from the Fourth (Whittier) Councilman's District. "As one of President Workman's firm supporters," wrote Mr. Barmish, "I am proud of his splendid record in the Council and the committee may call upon me for any service I may be able to render in his interest in the campaign."

Municipal Judge R. V. Rosenkrantz, who is a candidate for the May 7 primary to succeed himself as judge of Division No. 33 of the court, has no opponents in the field, thus far, and his candidacy has received many endorsements including that of the Bar Association. Judge Rosenkrantz has lived in Los Angeles twenty years and is a graduate of the University of Southern California. He was in the United States Army during the World War as a private in the infantry and was in officer's training school when the war closed. He has been active in the American Legion, serving as first vice-commander of the State Legion and also as commander of the Los Angeles Legion. He is an officer in the Hollywood post of the Legion and a member of the Los Angeles hospital association. He is a member of the committee on legislation for the lower courts of the Los Angeles Bar Association and in fraternal circles is a member of the Shrine, Elks and Junior Order of United Mechanics. Judge Rosenkrantz was elected to the Municipal Court judgeship on the May 7 primary, and he was among the leaders. There will be a number of new faces in the City Court on May 7, and the administration of the "Yes" men will doubtless be defied. Councilman Allen is still administering, supporting the Mayor's views only when he believes they are sound and right. His experience will be greatly needed in the next Council, and Hollywood should show appreciation of his services by re-electing him at the primaries.

The Pasadena Hotel Cafe, 100 South Raymond avenue, found its capacity taxed to the limit when it opened its doors to the public for the first time last Saturday evening.

This new and modern cafe, which fills a long-felt want in its immediate vicinity, is distinctive in its dancing and entertainment will be offered every evening, including Sunday.

Several special nights will be inaugurated next week, of which the theatrical and collegiate nights will be a part.

CONTEST TO END

NUTRITION BE TALKED

Twelve evening lectures on child nutrition are announced by the University of Southern California, to be given in the Transportation Building on Tuesday night, beginning next Tuesday. Dr. William H. Napp, assisted by other experts, will discuss nutrition and dietetics, will deliver the lectures.

HIGHWAYS REOPENED

Santa Ana Canyon highway, which was closed by recent storms, again has been opened to motor travel, reports the Automobile Club of Southern California. Some delay may be experienced where the steam shovel is still at work on the road leading to the canyon and San Diego. The road to Oak Wilds also has been opened.

POOR PLACE
FOR HIDINGPrisoner Admits That's so
Especially When Officers
Start to Shoot Lock

As a hiding place for forbidden beverages, a cleverly concealed, electrically guarded plant in the floor of the bathroom at 843 1/2 North Broadway was found by police officers today when the law threatened to shoot off the lock to gain admission to the plant.

This was the opinion expressed yesterday by Tony Bruno when he appeared before Municipal Judge Turner for arraignment on a charge of possessing liquor. Bruno was arrested by Officers Gibson, Kearney, Howard and Anderson, who emerged from the liquor plant after the officers had orally decided to blow off the protecting lock with their guns according to Deputy City Prosecutor Higgins.

The officers also arrested John Rosello, alias Jimmy Hendrix, who was charged with being the owner of the place.

Appearing before Judge Turner, the three men pleaded not guilty to the possession charges and on their demand for a jury trial, the court transferred to Municipal Judge Sanford in Division 4 and trial was set for May 24.

All three defendants were released on bail at \$500 each.

The woman, 36 years of age, but old beyond her years, according to the deputy sheriff, had been arrested some time on three charges of passing fictitious checks. They stated that they found that she had pleaded that she was in a delicate condition and that she was in a delicate condition and that she was in a delicate condition.

Arrangements were made yesterday for Mrs. Mize to start the Narcosan treatment today.

WILL ROGERS ON SCREEN

Goldwyn May Film "Letters of Self-Made Diplomat,"
Duncan Sisters Off to Lake Tahoe for Film;
Greta Nissen Lead for Ray Griffith

It all goes well, it is likely that Will Rogers' famous satirical "Letters of a Self-Made Diplomat" to his President may reach the screen through no less enterprising a servant of art than Samuel Goldwyn, according to word received yesterday.

Samuel Goldwyn, Frances Howard Goldwyn and Marcel De Sano, the Goldwyn director, returned to Los Angeles today aboard the Chief, after a rapid journey to New York, during which the producer signed Gilda Gray to a five-year contract to make pictures in Hollywood, and gave every New York play the once over.

To those in the know, the return of Goldwyn presages considerable expansion of the activities of his organization. There are reports that the popular "Colman-Vilma" Banky team, which won so much success in "The Night of Love," will be split up after concluding "King Harlequin," the picture on which they are now shooting.

As Goldwyn has announced that he will make "The Brute," which will be his next picture, we may look for at least four or perhaps seven pictures from the Goldwyn organization during 1927 instead of the customary three.

"Topsy and Eva" Under Way

The Duncan sisters, Rosetta and Vivian, are off for Lake Tahoe this afternoon, where they will film scenes for "Topsy and Eva," to be made in the summer.

Monte Blue to Vacation

As soon as Monte Blue finishes work in "The Brute," which will be within a few days, he and Mrs. Blue are planning a motor trip to San Francisco, where they will enjoy a week's vacation.

Frank Currier to be in

Edwin Carew, producer of "Hearst," is to make four pictures for United Artists according to an announcement.

Philip Klein Signs

Philip Klein, son of Charles Klein, author of "The Music Master," "The Auctioneer," "The Third Degree," and many other sensational stage successes, has been signed by Winfield R. Sheehan, vice-president of Fox Film, to write exclusively for that company during the next few years.

SHE DIDN'T LIKE HIM

George Siegmund, often called the screen's "meanest man," met his match, as usual, a female of the species is the opposing individual.

WILL GO WITH FARGE COMPANY TO ARIZONA

Alexander Hamilton, vice-president and treasurer of Jess Smith Productions, Inc., arrived in Hollywood yesterday from New York.

HUMOR HITS HOME

The exasperation attendant upon a punneture is known to every motorist. Capitalizing the universal appreciation of this situation, Alan Hale, director of "Rubber Tires," which features Roscoe Ates and Harrison Ford, and which is being shown at the Hillcrest Theatre this week, has injected a humorous touch in the production which is said to be most amusing: The Stacks, a typical New York family, motoring westward from a tourist camp in an automobile to determine the cause. He finds a horsehair hanging from the tire and a nail from the horseshoe firmly imbedded in the casing, tube and all.

BY GRACE OF SONGMetropolitan Favorite in Program
of Varied Appeal Displays
Glorious VoiceBY ISABEL MORSE JONES
Rosa Ponselle delighted a throng
of rapt listeners at the auditorium
last night singing a recital program
of widely varied compositions in the
characteristic and winning Ponselle
fashion. Her quaint antebellum
gown, which was made for Los An-
geles, was one of the pleasures of the
evening. She is blessed with a beau-
tiful voice of opulent richness and
she has the true Italian love of sing-
ing and joy in an audience.Ponselle's aria, "L'Altra Notte" and
the Cavatina from "Il Trovatore"
were her programmed operatic num-
bers, but they were not by any means
her only successes in dramatic
music. Each song was a study in
regulate stage effect. The old Italian
of Veracini and Bellini rose with
particularly lovely and the brilliance
of "L'Oiseau Bleu" one seldom hears
equalled.Ponselle's overtones are significant
factors in her success. Probably no
song demands more in the way of
upper partials than Ponselle's "L'Oiseau
Bleu." The old Italian of Veracini and
Bellini rose with particularly lovely and
the brilliance of "L'Oiseau Bleu" one
seldom hears equalled.A charming compliment to Ger-
trude Rose in the singing of one of
her Spanish songs, "The Song of the
Sailor," was enthusiastically applauded.
Mrs. Rose was forced to rise and accept a
large share of the applause. It was a
typical Spanish folk-song, which this
gifted composer has preserved for
California.Of the final group, Kursteiner's
"Invocation to Mars" was the most
impressive. Miss Ponselle's habit of
translating her songs into English is
not entirely acceptable in this case,
as the "To the Birds." She should
speak German also. Later she was not
for her. She is broadening her
perceptibility. It is apparent that a
deepening process is going on as her
singing life develops.European Film
is Slated for
Two EveningsW. J. Adams will present the Swed-
ish film of the Life of Charles XII,
the hero King of Sweden, at the Phil-
harmonic Auditorium on the 15th
inst. and again the 16th inst. This
film, taken in Sweden, Russia, Ger-
many and Turkey is said to be one
of the largest historical films made.
Nothing was left undone to make this
film a masterpiece. A whole corps of
experts being engaged to make this
visualisation of the life and career
of Charles XII, whom Voltaire calls
the most extraordinary man, perhaps,
that ever appeared in the world.Due to the long period that is cov-
ered to make the history complete,
the film is made in two parts re-
quiring each an evening for its show-
ing.The first part, to be shown, the 15th
inst. begins at Stockholm, 1697, with
the death of the father, Charles XI,
the burning of the royal palace and
the assumption of the crown as ab-
solute ruler of Sweden by the boy of
15. The second part of this photo-
drama deals with the events of the
hero King from 1707 to his death on
the battle front in 1718. All sub-
titles are in Swedish.Announce 100th
Performance of
Play of HawaiiPreparations are being made at
this time by the management of the
Orange Grove for the celebration of
the one hundredth performance of
the one-act play, "The Man Who Came
Back," which was written by the
author, Michael Kuller, and is set in
a Hawaiian setting. "The Man Who
Came Back" is to be held at the
Grand-avenue playhouse Saturday
afternoon.Under the personal supervision of
Mr. Macdon, special efforts are be-
ing made by the theater management
and the players combined, to make
this performance one of the most
colorful events in the history of the
Orange Grove.Macdon yesterday ordered several
hundred photographs of Harland
Tucker, and for the next few days
the actor will spend his spare time
autographing them for presentation
to players attending the one hun-
dredth performance.This Actor Has
Fall Guy Part
in ProductionRosa Ponselle, who will long be re-
membered as Cousin Henry of "White
Collar," is now playing a role in
"The Man Who Came Back" at the
Orange Grove. The actor, who is
known to the public as "Fall Guy,"
is the one who is killed in the pro-
duction. That is, from the actor's point
of view.In the slant of the theater, Mr.
Forrester's efforts are more or less
confined to feeding the other mem-
bers of the cast with most of the
"fattest" lines of the play; moreover,
in his biggest and best scenes, with
Mr. Edwards, he acts as the star's
foil—in the light and shade of these
scenes he supplies the shade in order
to bring out the brilliant light which
shines from the big laughs of "Ap-
ple Sauce." Altogether it is a job as
difficult technically as it is trying
personally.DARING AUTO RACERS
SCHEDULED FOR SHOW"Racer's night" will be officially
observed at the Hollywood Music Box
Theater tonight where Louis O. Mac-
don's "New Music Box Revue," star-
ring Fanny Brice, is now in its
third week.Leon Dury, Harry Harris, Peter De
Paul, Frank Locklin and Harlan
Fengler, who were the first five to
finish in the order named, will be
present and a special program is be-
ing arranged to pay tribute to these
drivers. In addition, practically every
driver who competed will attend, as
will "Fuss" Halliter, who promoted
the event.Several of the racing cars that
were piloted the 250 miles to victory
will be on exhibition in the lobby.

CAST IN "TENDER HOUR"

James Wardlaw, character actor,
has just finished an important role in
"The Tender Hour," a story with a
Parisian locale directed by George
Fitzmaurice for First National. Billie
Dove and Ben Lyon are being fea-
tured in this production which also
includes Montague Love.

Adagio dancers coming to the Orpheum next week.The entrance to the theater will
be brilliantly lighted, and motion
pictures will be made of the various
celebrities as they arrive. Among
the stars who will attend in person,
it is said, are Buster Keaton, Norma
Talmadge, Constance Talmadge, John
Barrymore and others.The "General" is the most elab-
orate comedy Keaton has ever made.
It deals with one of the lighter epi-
sodes of the Civil War, and presents
Buster in the role of an engineer on a
wood-burning locomotive. His en-
gine is stolen by Union raiders, and
Buster follows it into enemy terri-
tory to recapture it. Marian Mack
plays the feminine lead opposite
Buster. The cast includes Glenn
Cavender, James Farley, Frederick
Vroom and others.On the stage at the Metropolitan
Theater, Don Nelson will be seen in
"Smart Bits From Hila," a new Jack
Partington presentation.TO REPEAT
SHOWS FOR
CHILDREN"Cinderella," Played by
Marionettes, Coming Back
to HollywoodSuch was the success attending the
initial presentation of the Kegg-
O'Brien marionettes at the Holly-
wood Playhouse last Saturday and so
great is the advance demand for seats
for the performance this coming
Saturday that the management of the
theater yesterday announced that
they were contemplating a third per-
formance of the puppet show as the
special attraction for children at the
theater.Hundreds of children from Los An-
geles and the surrounding vicinity
are said to have laughed and wept
at the antics of the marionettes in
"Cinderella" at the first performance.
The reservations received for the per-
formance of the old fairy tale this
coming Saturday night, the 10th inst.,
are said to be a record for the Holly-
wood Playhouse.This reception in Los Angeles of the
puppets, products of the oldest art
in the world, has led the man-
agement of the Play House to make
plans for a third performance of
"Cinderella." The puppet shows are
only individual attractions in a series
of "breakfast matinees" planned for
the Saturday morning at the Play-
house as children's entertainments.Berton Churchill in "Alma the
Deaconess" is the current attraction at
the theater.And That's Why
There Are Not
Many GeneralsWhen you see a marine sergeant
on the street with nineteen or twenty
years of service stripes on his arm
you will know that he has just be-
gan his career, and the time when
he will be a general is only a ques-
tion of years.To quote the famous book, "How to
Become a General," the first seven
years are spent as a corporal, the
next eight as a sergeant, ten as a
lieutenant, fifteen as a captain, eight-
een as a major, and then the goal is
in sight.The book has not had such a wide
sale in Los Angeles, more than like-
ly due to the fact that it has never
been published. However, any person
who has seen Lon Chaney in "Tell It
to the Marines," will recognize the
tougher to America's book which Cor-
poral Madden (Eddie Gribbon), reads
in his spare moments, which are very
sparse.WILL ROGERS TO
GIVE "PLAIN TALK"Will Rogers, a "self-made diplomat
and plenipotentiary extraordinary,"
will lift the lid, when holding his
only Los Angeles "conference" to-
night at the Philharmonic Auditorium
under the Behrman management.It is said to be his "plain talk"
which has endeared the former cor-
poral to America's book which Cor-
poral Madden (Eddie Gribbon), reads
in his spare moments, which are very
sparse.

BOOKED AT
FIGUEROA"White Gold" Stars Jetta
Goudal; Was Directed by
William K. HowardFred Miller has just signed con-
tracts for the western premiere of
William K. Howard's De Mille fea-
ture, "White Gold," starring Jetta
Goudal, which will open at the
Figueras Theater the 19th inst., fol-
lowing the two weeks' engagement of
John Barrymore in "Don Juan.""Here is one of the most unusual
motion pictures I have ever seen,"
said Mr. Miller. "If the public is
looking for something different, some-
thing out of the ordinary and some-
thing real and intensely dramatic,
"White Gold" is the slice of realism
picked from the vast and arid sheep
lands of Arizona. A long drought,
hundreds of dying cattle and the pit-
iless glare of the sun poison the
minds of a wife against her husband,
husband against his father and fa-
ther against his daughter-in-law.""It provides a different starring role
for Goudal. She is a dominant note
in a vast symphony of hatreds and
passions. The struggle of this girl
against conditions and the weakness
of her husband make a story of tre-
mendous power and force entirely in
line with the credited emotional ca-
pacities of this actress.""Miss Goudal is a sort of combina-
tion of Nazimova and Pauline Fred-
erick."'Man Who Came
Back' Extends
Run at BelmontDespite the fact that the Belmont
Theater's current attraction, "The
Man Who Came Back," starring
Buster Keaton and Lila Lee, was
scheduled to run this week only, the
play will remain at the Vermont-ave-
nue First-street playhouse a sec-
ond week commencing Sunday eve-
ning."Regular demand" causes Ruth Hel-
son Davis to make this announcement.
Since the initial performance of the
play last Sunday night, crowded
houses have been greeted with
presentation of "The Man Who Came
Back." It is said, and scores of re-
quests asking that the drama be held
over a second week have been re-
ceived by Dr. C. H. Archibald, busi-
ness manager."The Man Who Came Back" will
hold the boards at the Belmont until
the 19th inst., with matinees on
Wednesday and Saturday of each
week.'Sin For Sin's
Sake' Basis of
Hattons' Drama"The old order changeth," quoth
Tennyson a half century ago, and the
statement is still true. Women pro-
pose, make "dates," go into busi-
ness and become rivals for the oppo-
site sex while the males wear blue-
jeans, powder their noses and do the
little things that were formerly
looked upon as decidedly femi-
nate.Some girls today are not reluctant
to "rush" a boy they admire and are
all to a manner or less degree, emu-
lating sinners. That is, they are not
afraid to do things that their grand-
mothers would have frowned upon
two generations ago, not so much be-
cause they enjoy doing it, but rather
because they enjoy the thrill of com-
mitting the "sinful" sin.This observation forms the basis
of Frederick and Fanny Hatton's
"Synthetic Sin" now in the third
act at the Morocco Theater. Elizabeth
Allen, who plays the lead, is told that
she would never make an actress be-
cause she has not "suffered and
lived." She decides to indulge in this
"synthetic sin" and her experiences in
"Synthetic Sin" form the basis of a plot.MEMBERS OF SOCIETY
PLAN THEATER PARTY"La Societe Des 40 Hommes et 8
Chevaux" (the society of 40 men and
8 horses) said to be the most exclu-
sive club of the American Legion,
will give a special party at the Car-
thay Circle Theater tomorrow night,
the 10th inst.This society, formed by the men
who had seen service during the
World War, derived its name
from the fact that the box-cars used
in the war would hold forty men or
eight horses. A miniature of one of
the cars is on display at the Carthay
Circle.The night of the party the men
will wear their costumes, which are
duplicates of the ones worn by the
French Legionnaires.

HOWARD AT WRITERS' CLUB

William K. Howard tonight ad-
dress the Waite, the feminine organi-
zation of motion-picture publicists,
at the Writers' Club. Howard, whose
trinity of productions, "The Under-
ling Hero," "Gigolo" and "White
Gold," with Jetta Goudal starred has
brought his recognition as a direc-
torial ace, will give an impromptu talk
on his experiences in developing the
thread of "White Gold" into what is
expected to be a notable film.BEBAN PLANS
SCHOOL HEREGeorge Beban, stage and
screen actor now on tour in the
Middle West, has made it
known that at the close of his
present theatrical season, he
intends to return to Hollywood
to open an actors' school. Here,
he says, he will train would-be
motion-picture stars at his own
expense, once he has decided
that they are prospective Swans-
ons and Barrymores. He in-
tends the cases of Helen
Jerome Miller, Monte Collins
and Miss Millane, whom, he
says, he started on the way to
"fame."The youthful aspirants will
be trained in stage technique

WRITE FOR THE "MOVIE" AND WIN CASH PRIZES
The Los Angeles Times produces a popular fun reel called "Cheerful Chaff," consisting of the twelve best jokes submitted weekly by readers. Prizes are awarded each week, the names and addresses of winners together with prize-winning jokes appearing on the screen.

Everyone is invited to send jokes. No formal letter is necessary. Just let your jokes, as many as you wish, show your name and address and mail to "Cheerful Chaff Editor," Los Angeles Times. Jokes for the screen must not exceed thirty words.

Humorous jokes too long or otherwise not adapted for screen use, are accorded a place of honor on the Times comic page receiving a certificate of acknowledgment.
